DETAILED ACTION

This Office action is responsive to the amendment filed on July 28, 2003.

1. Claims 2, 4, 6-8, 10, 12, and 21 are allowed and renumbered as 1-8, respectively.
2. The following is an examiner's statement of reasons for allowance: the prior art taken either singly or in combination fails to anticipate or fairly suggest:
 - a) a method step of forming the direct electrical connection by *soldering* the two leads of the upper semiconductor package unit, as recited in claims 2, 6 and 21;
 - b) a method step of forming a direct electrical connection between a *clock-enable lead* and *not-connected lead* of the upper semiconductor package unit, as recited in claim 7;
 - c) a method step of shortening a length of a *clock-enable lead* of the upper semiconductor package unit, as recited in claim 10; and
 - d) a method step of forming direct electrical connections between leads of the upper package unit and corresponding leads of the lower package unit excluding selecting the *clock-enable lead*, as recited in claim 12; especially when these limitations are considered within the specific combination claimed.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
